FOREST DEPARTMENT.

SAGAR FOREST DIVISION.

Notification dated 24th June 1939.

It is hereby notified for general information that sealed tenders will be received at the Office of the District Forest Officer, Sagar, up to 4 P.M. on 17th August 1939, for the annual clearing of the demarcation lines of the following forests of the Division during the year 1939-40.

2. Tenders should be submitted in the form given below showing the rates per mile at which the lines will be cleared and the debris burnt.

3. Each tender must be accompanied by a deposit of Rs. 50 in Government Currency notes as earnest money and must be sealed and superscribed as "Tender for the annual clearing of the demarcation lines of the Forests in the Sagar Division," failing which it will be rejected.

4. Final acceptance or otherwise of the tender will rest with the District Forest Officer, who does not bind himself to accept the lowest or any other tender and reserves to himself the right to reject any tender without assigning any reason therefor.

5. Within eight days from the date of intimation of the acceptance of the tender, the successful tenderer will be required to execute an agreement on a stamped paper of proper value, failing which his offer will be cancelled and the earnest money forfeited.

6. The earnest money of the successful tenderers will be retained as security for the due fulfilment of the conditions of the agreement and returned after the termination of the period of contract and that of others returned after the results of the tenders are announced.

7. The tenderer must quote rates per mile for each Forest.

Further conditions.

(*a*) The standard width of all the demarcation lines is generally 66 feet unless otherwise stated and of the enclosures 33 feet. This width should be maintained and any deviation guarded against by clearing 10 feet guide lines on either side of the line, leaving an intervening space

of 46 feet. All grass and regrowth must be cut level with the ground and the debris removed and heaped in the middle of the line. The guide lines must not be burnt but cleared of all inflammable materials by sweeping. The space between the two guide lines must be cleared and burnt under the supervision of the local Range Officer.

(*b*) The clearing of the regrowth should be completed by 15th December and burning completed by the 15th February 1940. On no account should the burning be done after that date.

(*c*) During the course of the operation (from the beginning to end), the contractor shall be guided by the Range Officer in charge of the Range. He will be held personally responsible for all acts of himself and his men against the rules of the department. The security furnished by him is liable to be forfeited in whole or in part, as the case may be, for the breach of any of the conditions of agreement or acts committed in contravention of the rules besides taking action departmentally.

(*d*) Payment will be made only on bills passed by the Range Officer after the full length of each forest is cleared and burnt as per rules and no advances will be given for the work.

The tender should be in the following form :—
